

IDX	designation	materials
1	grooved pin	stainless steel
2	Needle valve handle	316/A479
3	valve body	316/A479
4	sealing gasket	316/A479
5	bonnet	316/A479
6	lock nut	316/A479
7	Needle valve handle	stainless steel
8	Hexagon cylinder-end set screw	stainless steel
9	stuffing box gland	316/A479
10	Upper valve stem	316/A479
11	packing seat	316/A479
12	padding	PTFE
13	Lower valve stem	316/A479

Technical requirements:

1. Material: 316;

2. Operating pressure 41.4 MPa

3. Operating temperature -54°C ~ 232°C

Linear unit of size: mm		2-Valve Manifolds
