

IDX	designation	materials
1	grooved pin	stainless steel
2	Needle valve handle	316L/A479
3	valve body	316L/A479
4	sealing gasket	316L/A479
5	bonnet	316L/A479
6	lock nut	316L/A479
7	Needle valve handle	Aluminum Oxide
8	Hexagon cylinder-end set screw	stainless steel
9	stuffing box gland	316L/A479
10	Upper valve stem	316L/A479
11	packing seat	316L/A479
12	padding	PTFE
13	Lower valve stem	316L/A479

Technical requirements:

1.Material: 316L;

2.Operating pressure 41.4 MPa

3.Operating temperature -54°C ~ 232°C

4.Dimensions for reference only.
